MAURA McEVY & BASHA BURWELL

THE MAINE HOUSE

by Maura McEvoy and Basha Burwell with text by Kathleen Hackett

The Maine House explores the soul of Maine in some three dozen of its most original, authentic, and evocative houses. For several years, photographer Maura McEvoy and art director Basha Burwell traveled the length and breadth of Maine in search of houses that capture the state's singular character. These are not designer houses; they are homes created by the people who live in them, from artists to writers to fishermen, distinctive for their ingenuity, originality, and fierce individuality. Many are unchanged, inhabited by generations of the same family; some are ingenious conversions. Published by Vendome Press, June 2021.
