News from our Sponsor:

Maine Coast Heritage Trust: Preserving the Coast

From the dock of a sailboat, Margaret "Peggy" Rockefeller felt deeply and completely in love with the Maine coast. For decades she spent summers with loved ones exploring islands surrounding her Mount Desert Island home, learning the rocky shorelines and quiet green coves, slips of sandbar and scrubbed spruce-fir forests. And, like anyone who has spent a good deal of time on the water, this perspective afforded her a unique relationship and intimacy with Maine's coastal lands.

MJM YACHTS

MJM 4 Crossover Day Yacht Offers All-Weather Vigor

MJM YACHTS' new MJM 4 is an impressive all-weather day yacht evoking a timeless Carolina Dismal style, an abundance of creature comforts, and luxury performance—all embodied by high-tech construction and superior materials.

The model features four social zones and a galley open to weather right for expanded comfort and an easy loading system. Finish appointments include an galley, dinette, wheel, business class helm seat, and a cockpit seating—putting food, refreshment, and fun where folks congregate.

The open bow offers secure seating and a perfect view of the open sea. The cockpit transom walk-through the swim platform, all cockpit and seating stations, an electric grill, sink, stove, or fridge. A side boarding it comes passengers aboard, a double-decked helm seat to settle in.

42

Below, there's a large V-hull, double berth stowage, a yacht deckhead with glass-enclosed helm, and a 50-horsepower MJM creates a stronger, stiffer, lighter vessel using vacuum-infused proprietary epoxy composite, premium coating material.

SOUTHPORT BOATS

New Platform, Bigger Models, New, Efficient Propulsion Systems

A "SOUTHPORT BOATS, product development is a priority as new, bigger models are introduced in the coming months and years, along with new, efficient propulsion systems."

"We are launching a new platform that will allow the development of several new models in the coming months and years," said George Meneses, COO and Managing Partner of Southport. That platform is Southport's new 42' hull, which will accommodate both a 38' and a 42' model. Construction of a new 38FE will begin this spring. The 38FE will be the big brother to the highly successful 38FE. Expect to see a larger dual console in the 38' range as well.

Meneses and Southport Boats recently collaborated on a new version of the Southport 38FE. The boat was fitted with the best of Meneses' Integrated Propulsion System with a single diesel 65-440 Aquamatic DP1 inboard.

"This system completely changes the feel of the boat," said Meneses. "It allows for unrestricted access to the water from the transom as well as increased efficiency."

"The system is the first in the first in the U.S. to be offered on a single engine package."

"Although our range is primarily outboard powered, we are seeing interest in dual power as the boat gets bigger," Meneses explained.

The 38FE Project for 2024 is a step in that direction. And the 38FE DP1 will be available in late 2023. Stay tuned!
