August 9-11, 2019
Gates open at 10:00 a.m. | Service Animals Only

The show’s 2019 theme, Get Involved, pays homage to the many ways that Maine’s rugged coastline continues to be cared for by the people who step up and pitch in. This year’s event showcases many of them alongside some of the companies and nonprofits that make up the working coast. The goal is to offer opportunities to learn about and help sustain the state’s iconic coastal environment. In Maine, the for-profit and the non-profit worlds can, and do, work together to promote life on the coast. Come see what is possible.
